

Profile of The Week

With this week's issue of the Campbell Press, a new column, "Profile of the Week," a short sketch of the life and activities of leading business, professional, civic and social leaders begins.

The column attempts to acquaint Campbell residents with the background of most of its leading citizens, to make for a greater interest in the activities of the Campbell area.

Pictures from the files of the Campbell Press will be drawn, by lot, for the first of the articles. When this supply is exhausted, pictures of newer residents will be taken, to run in conjunction with stories.

Orchardist - Councilman

JOSEPH GOMES

Joseph V. Gomes, a member of Campbell's first city council, is one of the better-known ranchers in the Campbell area. Managing and working 150 acres of apricots and prunes located in Campbell and Edendale in the Santa Clara Valley, with its attendant duties would seem to be enough to keep any man more than normally busy. But Gomes has other interests. He is a lawyer. After graduation from Stanford University Law School in 1925, and admission to the California State Bar in 1925, Gomes practiced law for six mos. in Los Angeles.

He gave it up in 1926, when he decided farming would be more satisfying than the verbal fencing of the legal practice. He bought twenty acres of land in 1926 and has increased his holdings until today he is profitably working his 150 acres of 'cots and prunes. He admits his legal background is standing him in good stead in his current duties as a member of the Campbell city council, however.

Another factor which caused the residents of the City of Campbell to elect him to the city's first government body is his life-long residence in this area. He was born in San Jose and moved to Campbell in 1901. He is a graduate of the Campbell Grammar and High schools and, as stated above, he received his college education and legal training at a neighboring university.

Gomes is a family man. In 1930 he married the former Jennie Yerovich. They are the parents of six children, one son and five daughters, who have attended the local schools.

To further his farming interests, Gomes has participated in local farming policies as a member of the Campbell Cooperative Dryer. He is a member of the Board of Directors of that organization. He has been a member of the California Prune and Apricot Growers Association since 1917. He is also a current member of Orchard City Grange.

Gomes maintains a keen interest in school activities and helps to keep school facilities and functions at a high level in this area as a member of the board of trustees of Campbell Union High School.

On the social side, Gomes is a member and past president of the Campbell Kiwanis club, a member of Campbell Grange, and an active member of the Campbell Post 596, the American Legion.

Demolays Conduct Paper Drive

Representatives of Campbell chapter, Order of DeMolay, will pick up old newspapers from area residents if they will call FR 8-4170 or FR 8-4383, according to members who are conducting a paper drive, as a current chapter project.

Cake and Cookie Sale

Intermediate MYF of the First Methodist Church are having a cake, pie, and cookie sale to be held at Maderis Food Center, Saturday July 11 at 9:30 a. m. Proceeds will go toward defraying expenses of their Summer Camp Fund.

LOCAL POLICE CAPTURE MURDER SUSPECT

CAMPBELLITES SPEAK OUT ON ZONING MATTERS

Campbell residents and property owners filled Campbell High School's little theater last Thursday at the second public hearing on City's master zoning map and plan and voiced their opinions on proposed zoning for their property.

Officials present included planning commissioners John M. Chargin, chairman, and Guy Farley, Homer Hyde, Hollis M. Logue, Theodore Solari and James A. Tomlinson. Commissioner Kenneth Priestly was unable to be present because of illness. Also present was City Planning Consultant Nestor Barrett, under whose direction map and zoning ordinance are taking shape.

As at the first public hearing, chairman Chargin explained the procedure of the hearing to the audience and referred to minutes of past meetings in which commission considered certain requests for changes in the proposed zoning.

Communications from E. R. Kennedy and M. English were received and read. Kennedy requested commercial zoning on lots he owns fronting Winchester Road. English of Biebrach, Bruch & Moore, requested commercial zoning on lots on Winchester Road near Latimer to erect a commercial building to be used as the Campbell branch of their real estate office. Representative of the firm intimated use of additional small store in addition to the real estate office.

Five other requests for commercial zoning were heard at the meeting Thursday night. Norman Stoner representing the Garrison property on Winchester Road near Latimer Ave. requested commercial zoning saying Winchester Road was unsafe for residential zoning.

James W. Wayne, representing Mrs. McBain owner of the northwest corner of Giles Way and Winchester road requested commercial zoning for the property. Mrs. W. Milson, owner of a 55 x 147 foot lot on Winchester and Alice Way said she had bought the lot at a commercial price. She said that with the intended setback the lot would be useless as commercial property. She said that even though the County had a C-1 zoning, Masons have never been able to use it as such because of prior deed restrictions.

Norman Husted said he would like his property on the San Jose-Los Gatos Road zoned commercially.

R. J. Salice, owner of approximately five acres in the vicinity of Rincon and Campbell Ave., would like to put a street through his property and subdivide it. He said he would like the area zoned R-2.

R. S. Stringfellow, owner of property at Campbell Ave. and San Jose-Los Gatos Road said he would like his entire property zoned C-2. He said he paid a commercial price for it and present proposed C-2-S zoning would handicap him.

Other members of the audience expressed their opinions of various proposed zonings.

John Stewart, Ridgley Drive said he had heard rumors that wrecking yards could go in the M-1-S area west of the Highway and would like all this area zoned R-1. W. W. Johnson said he was opposed to M-1-S west of San Jose-Los Gatos Road. He said he thought it should be residential.

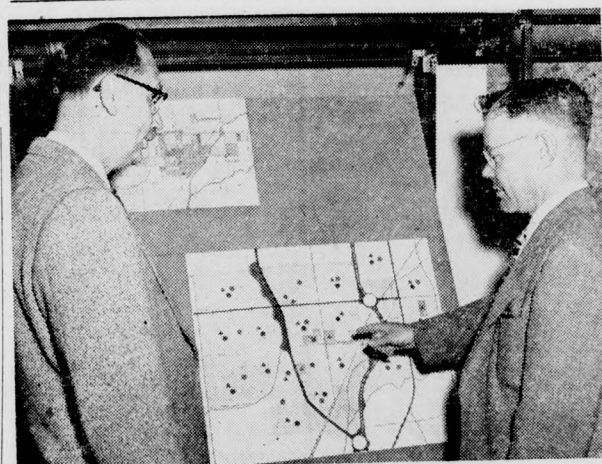

Mr. Weymouth, 191 W. Rincon formed that the proposed widening of the future widening of Rincon Ave. He was inquiring would be to a 60 foot road.

Picnic July 12 For Youths

Methodist Youth Fellowship of Cambrian Park Methodist Church will attend a sub-district picnic at Portola State Park, Sunday July 12 from 1 to 9 p. m.

MURDER WILL OUT—Trapped by his wife's angry outburst during a drinking argument at a Campbell trailer camp, Cecil Sampson, full blooded Indian, itinerant fruit picker, is shown at Campbell police station flanked by (back row) Sgt. Reginald Whittaker, of Royal Canadian Mounted Police, and Campbell's Jerry F. O'Connell. Sampson and Constable Danny Thompson, of Canadian police are shown in front row. Group was pictured before Canadian mounties returned to Canada with Sampson to answer charges of murdering Chew Deb, known Chinese bootlegger, at Duncan, Canada, June, 1950. Sampson was arrested at a Gilman Ave. trailer court for disturbing the peace, during which Mrs. Sampson uttered a remark about the Canadian killing. Subsequent investigation revealed he had been in the vicinity at the time of the murder.

Nation-wide attention was focused on the new City of Campbell this week as a result of an exhibit of Campbell Planning studies made by Nestor Barrett, City Planning Consultant, which was given at the 36th annual convention of the American Institute of Planners held in San Francisco. Top planning experts from every part of the country were present and many praised the planning being done here. Here is a photo of Karl Belser, County Planning Director, looking at a portion of the exhibit showing the Campbell Land Use Plan, while Consultant Barrett points out the shopping center area.

CAMPBELL PLANNING EXHIBIT DRAWS NATIONAL ATTENTION AT CONVENTION

A special exhibit on regional planning, in which the City of Campbell is the only incorporated community in Santa Clara County to be featured, has just received nation-wide attention at the Annual Convention of the American Institute of Planners Convention held at the Mark Hopkins Hotel here. The exhibit, which consists of six large panels, each four feet wide and eight feet high, was prepared by the staff of the Santa Clara County Planning Commission. It tells the story of the position of the County in the Bay Area, and it stresses the need for planning on a region-wide scale. One of the thirty-two foot square panels displays the new plan for the City of Campbell which was prepared by Nestor Barrett, Campbell Planning Consultant.

The Campbell exhibit stresses the point that a small city, can through cooperation with the larger unit of government, in this case the County, integrate its plan with the surrounding area to the mutual benefit of both parties, Barrett said.

The County exhibit was considered to be of such outstanding quality that planners from all parts of the United States showed keen interest in the techniques used to produce it. Charles A. Blessing, City Planning Director (Continued on Page 8)

Judge Emery Wins 16 More Poultry Prizes

Judge A. J. Emery, of San Jose Los Gatos Road added 16 more ribbons and trophies to the collection won by his prize poultry.

Latest prizes were won at the Alameda County Fair in which the judge took first, second and third for cocks, a first and third for hens, a first, second, third and fourth for cockerels and a first, second, third and fourth for pullets in the White Plymouth Rock class.

Judge Emery also entered the judged best male and female in the White Plymouth Rock Class, the best display in American Class and best female in the entire show. This year was also the third successive year for the best female in the show.

Family Service Talk Presented To Kiwanis Club

Leonard McConnell, executive director of family Service Association, of Santa Clara County, explained to Campbell Kiwanis Club at their regular meeting Tuesday how the family service Association fits into the community, what the association means to individuals in the Campbell area and other pertinent facts about the organization.

McConnell brought out that Family Service is a Red Feather agency of the Community which is a receiving agency of the Campbell Community Chest which serves the community and depends on the community for support.

It provides counseling on a fee scale, adjusted to the person's ability to pay, he said, made up of doctors, teachers, Scout leaders, ministers, anyone who can help a family in trouble.

"It is a preventive service, he said, to help people help themselves, before they become divorce cases, juvenile delinquency cases, mental or criminal cases."

McConnell said Campbell residents can join the Family Service Association if they want to be part of the informal community team which works to save marriages and families.

To become a member McConnell said, residents can learn more about social scientific techniques of solving family problems. (2) take part in the public education program of the family Service Association, and (3) Contribute, through membership fee, to help the person who cannot pay the full cost of counseling.

Carl Field, this week's program chairman announced that next week's program will consist of a talk by David Lingel, retired Colonel of the U. S. Air Force, whose subject will be "My two years with Billy Mitchell."

'CHERRY LANE' IS NEW NAME OF GILES WAY

New name of Giles Way, street parallel to Campbell Ave. between Mission Way and Catalpa Lane, has been changed to Cherry Lane. Action was requested by street residents and recommended by planning commission at city council meeting Monday night. New "Cherry Lane" school, construction of which started last Monday, is located on "Cherry Lane."

CANADIAN MOUNTED POLICE CONDUCT INQUIRY OVER MURDER OF CHINESE 'BOOTLEGGER' THREE YEARS AGO

Alert Campbell Police combined with Royal Canadian Mounted Police and undersheriff William F. Bennett, of Santa Clara County Sheriff's Office, in an investigation, this week, which resulted in the capture of a suspected murderer, living in a Gilman Ave. trailer camp. Mr. and Mrs. Cecil Sampson, Canadian Indians here as fruit

pickers, were arrested at Matson Trailer Camp last Saturday, and left today for Vancouver, British Columbia in the company of Canadian Royal Mounted Police Sgt. Reginald Whittaker, and constable Danny Thompson. The couple were charged with suspicion of murder of Chew Deb, known Chinese bootlegger, at Duncan, Canada, June 1950.

Water, Plumbing Permits Granted; Car Yard Deferred

Use permits were granted to Campbell Water Company and Curry Plumbing Co. at Monday's council meeting, but disposition of Anthony J. Vaccarella's permit request to conduct an automobile wrecking yard on Los Gatos Creek bank was deferred pending report from State Division of Highways.

Permit was granted to Campbell Water Company to lease property on the north side of West Campbell Ave. between Hardy Ave. and the San Tomas Creek to Pacific Gas and Electric Company as a corporation yard, for a two year period.

In spite of objection of W. G. Hamilton, R. C. Tillman, W. G. Metz, L. R. Warren and other neighboring property owners who objected to a commercial use in a residential area, and to the noise dust, and safety hazard for children, from incoming and outgoing vehicles, the permit was granted.

Homer Hyde, Water Co. general manager, and W. G. Pennebaker, PG&E representative, explained to council members and council audience, that yard would be fenced, landscaped, and paved. An attractive office would be built and set back to conform with existing setbacks in the area, they said. Small piles of electrical equipment would be stored. Trucking equipment would consist of six line trucks and six pickups, which would return each night to be parked around 4:30 to 5 p.m.

Nestor Barrett, planning consultant, said that under new zoning ordinances utilities of a temporary nature may be located anywhere in the city on approval of city council. He recommended favorable action by the council, if use was limited to a two year period and area was kept reasonable dust free.

Application of Curry Plumbing Co. to use the property situated on Winchester Road between Campbell Ave. and Rincon Ave. as a plumbing shop was granted subject to conditions set by Fire Chief Jock B. Scott, and County building inspector.

Vaccarella's application to conduct an automobile wrecking yard was held under submission pending a report from State Division of Highway.

Mayor Richard W. Morton pointed out that intended commercial use of property within 1,000 feet of a permanent structure (bridge crossing creek) must be submitted to State Division of Highways for approval.

Council also recommended amendment of city ordinance reducing size of local faces to 18 inches and to limit the amount of advertising clocks may carry.

Softball Entry To Meet Burbank

Fresh from a 3-0 upset win over second place Burbank Youth Center, Campbell Merchants entertain League leading Burbank Rotary in a little league contest at Campbell Elementary Field tonight at 6:00 p. m.

A victory will put Coach Merv Willoughby's locals in third place with the season nearing the halfway point.

Present league standings are:
Burbank Rotary 7 2 .714
Burbank Youth Center 6 3 .667
Burbank Lions 4 5 .444
Campbell Merchants 3 4 .429
Burbank Tigers 3 6 .333
Campbell Pirates 2 5 .286

Annex Plans Discussed For Cambrian Park

Officials of Campbell, Los Gatos and San Jose emphasized that their respective cities are not actively trying to annex Cambrian Park before a meeting of Cambrian Park Improvement Association Tuesday night at Parker Elementary School on Union Ave.

Campbell Mayor Richard W. Morton, Los Gatos Mayor Charles K. Gamble and Pearce Davies of San Jose City Planning Commission representing Councilman Joe Santora pointed out that residents should decide what they want and consider the tax rates against service offered before seeking annexation.

Assemblyman Bruce F. Allen, featured speaker of the evening, discussed Legislation concerning annexations. He said that the League of California Cities was active in opposing bills that would tend to limit a city's annexation powers.

Dr. Edward P. Shaw, San Jose State College professor told the association that a study is under way in which basic data on annexation is being compiled. When completed it is expected to recommend the best course for Cambrian Park to take, whether annexation, incorporation, or remaining in its present status.

CPIA To Present 'Cotton Hop'

Cambrian Park Improvement Club has completed plans for the "Cotton Hop" to be held at the "We And Our Neighbors Club House, at Union and Almaden Rd. on July 25.

Committee for the dance includes Mesdames Wendel Swift, Yale Nelson, Jack Elmer, Len Dietrick and Romain Baker. Tickets

are now on sale and the price of admission is \$1.00 per couple.

SAN FRANCISCO, July 10—A commemorative 3-cent stamp, honoring the Future Farmers of America, will go on sale at Kansas City, Mo. Oct. 13 in conjunction with the 25th anniversary convention of the FFA.

Campbell Register

Horace Alfred, proprietor of Horace's grocery on E. Campbell Ave. is recuperating from an illness at the home of his father on 239 Grant St. He has been away from the store this week and last. Friends wish him a speedy recovery.

Jack B. Scott, Campbell Fire Chief, took a two week break from official duties and work at County Hospital. He left Tuesday for a motor trip through the southern part of the state. He said he might get in a little fishing when he returns.

Mr. and Mrs. Oliver Jensen, 102 North Second Street, returned Monday, from a one month vacation trip to Skagway, Alaska, by way of Glacier and Yellowstone National Parks.

The couple drove from Campbell to Vancouver, where they boarded a steamer and traveled the inland passage to Skagway. They reported the weather excellent with the temperature in Alaska averaging a comfortable 75 degrees. They also spent time sightseeing in Yellowstone and Glacier National Parks.

Jensen, a local contractor, received a leave of absence as a city councilman.

C. D. Cutting, grandson of Mr. and Mrs. Frank H. Cutting, of Harrison Street, telephoned from the East Coast, the first of this week, to remind his grandparents that he would arrive in Campbell in about three weeks. Cutting, Navy aviation mechanic has just completed a six-month's cruise of the Mediterranean aboard the U. S. S. "Tarawa".

Verle Grizzle, Chamber of Commerce President, celebrated Independence Day weekend, with a two day camping trip along the coast. Loaded with tents, camping and cooking gear, Mr. and Mrs. Grizzle and their daughter Valerie, 6, joined friends from La Honda and spent two nights under the stars at San Gregorio Beach.

Mrs. Manley McCullough, president of St. Lucy's Y.L.I., recently attended the Y.L.I. convention in Fresno.

Others attending the convention from this area were Mesdames Thomas Connolly, Joseph Gomes, Don Furtado, and Raymond Martin.

Mr. and Mrs. THOMAS DAUGHTERY recently returned from an enjoyable vacation in Southern California.

Mr. and Mrs. GEORGE LATHROP of Winchester Ave. welcomed their son-in-law and daughter, Mr. and Mrs. George Schaefer and three sons, Curtis, Conrad and Ronald of Gunnison, Colorado.

The Schaefers plan to make their home in this area.

Mrs. R. M. COBB of East Campbell Ave., recently returned from an enjoyable three-weeks' sojourn in the east with visits in Cherokee, Iowa, and Chicago, Illinois.

Mr. and Mrs. CLARENCE McKAY and children, PATRICIA, LARRY, STEVEN and ROBIN of Lenray Lane have returned from a months stay in Minneapolis.

Mr. and Mrs. C. A. BRADLEY of Foote Ave., have been entertaining Mrs. Bradley's sister, Mrs. Clarence Viera of Martinez.

Miss IRENE SAWYER, who has been teaching in Santa Barbara,

CUB PACK 30 WIN AWARDS

Awards on Progress and Achievement were presented to the cubs of Pack 30 in a simple ceremony at the annual Pack 30 picnic held on June 28th at Laurel Park.

Jimmy Botelho and Jerry Emanuel were presented with Wolf badges; Gold arrows were earned by Dennis Browne, Joe Wigny, and Jerry Emanuel; Silver arrows were awarded to Kenneth Orr, Tommy Wight and Dennis Browne. One-year pins were earned by Bobby Hill and Dennis Browne.

Mrs. Nagel was appointed den mother of Den No. 2 and Mrs. Young is to be den mother for Den No. 4.

Mr. Calvin Harris of the Lincoln Ave. Pharmacy provided ice-cream for all attending the successful picnic of the San Tomas cubs.

120 ATTEND BREAKFAST

Over 120 members attended the breakfast of the Sojourners held June 28 at Santa Cruz. A delicious breakfast of barbecued ham, eggs, hot cakes and coffee were enjoyed by those attending this successful outing.

is spending her summer vacation at the Third street home of her mother, Mrs. Anna Sawyer.

House guests at the Campbell home of Mr. and Mrs. NORMAN MOWERY are Mr. Mowery's parents, the MALCOLM MOWERYs of San Diego.

Those enjoying the potluck dinner at the home of Mr. and Mrs. R. L. ROOT of Casey road on July 4 were Mr. and Mrs. GAYLAND THOMPSON, Mr. and Mrs. ARTHUR KESSEL, Mr. and Mrs. JOE DAHL, Mr. and Mrs. HARRY FRENCH, Mr. and Mrs. JOE KEESLING, Mr. and Mrs. RAY MAUZY, Mr. and Mrs. CHARLES BRADLEY and Mr. and Mrs. JIM RIGSBY. Following the dinner, an evening of Canasta was enjoyed by those attending.

Mr. and Mrs. E. B. BOOTH of Vista, Calif., were guests of Mrs. R. Gardner at the Gardner cottage at Fallen Leaf Lake.

Guests of Mr. and Mrs. R. GARDNER at the recent dinner honoring Mrs. Gardner's father, Mr. W. R. COUPLAND of Saratoga, were Mr. and Mrs. E. B. BOOTH, Mr. and Mrs. Wm. Mix, Mr. and Mrs. H. J. Garrett and children, DARYL, PATRICIA and RICHARD.

Mr. and Mrs. VAN ROSSEN of Casey Road are currently visiting Mrs. Van Rossen's parents, Mr. and Mrs. R. C. HUGHES at Mt. Shasta.

Dr. CLAUDE OLIVER GRIZZLE of San Francisco spent Sunday, July 5, visiting at the home of his parents, Mr. and Mrs. C. Grizzle of Alice Way.

Mark Purmort and Ben Davidson, old time Campbell residents headed north this week for a one month vacation in Alaska.

NEWCOMERS

Isaksen
Adding to city's growing population by way of area hospitals are newcomers Carey Nicholas, new son of Mr. and Mrs. Alvin V. Isaksen, of 250 Campbell Ave. He was born May 31.

Gallegos
It was a boy for Mr. and Mrs. Edward F. Gallegos, of 371 Downing St., Campbell, June 1. Proud parents named him Edward Felipe.

Lindholm
Christine Ann was the name chosen for the new daughter of Mr. and Mrs. Nathaniel C. Lindholm of 56 Casey Road. Baby was born June 8.

Smith
The Leroy H. Smith family of 901 Moreland Way welcome new daughter Candace LeRae born June 5 at a San Jose Hospital.

Weber
Blanche Elizabeth was the name for new daughter of Mr. and Mrs. William R. Weber born June 2 at O'Connor Hospital. New baby is now at the home of its parents at 501 Pamilar Ave.

ANNOUNCEMENT

The people of California, through their duly elected representatives, have indicated that they are now in favor of the closing of the banks of this state on Saturdays. A law giving effect to this has been enacted by the California Legislature and approved by the Governor.

Various banking institutions in California have been observing Saturday closing for some time, but Bank of America has continued to operate all its branches on that day, consistently following its long standing policy of providing its customers with Saturday banking service until such time as the people, either directly or through their chosen representatives, determined that a change should be made.

Such a determination now having been reached, this bank accordingly will discontinue its Saturday banking service, effective Saturday, July 11, 1953.

What's Going on in Our Hospitals?

I-MUD HUT TO MODERN HOSPITAL

By LAWRENCE A. WILLIAMS, Science Writer

The average hospital stay has been cut in half since 1940. One person out of every eight will be hospitalized this year. Hospital rates have doubled in the last six years. Income from patients failed by \$8,500,000 to cover expenses of non-profit hospitals in California last year. California will need 82,000 additional hospital beds by 1960. This is the first of eight articles examining California hospitals in relation to you and your family.

When Francis Drake landed in California in 1579, he found Indians using a kind of hospital. The temescal, or sweat house, was their remedy for illness of almost every sort.

Observers in the Gold Rush days reported that the sweat house was an oval pit covered by a dome of branches and earth or a tent of planks. Into this 10 by 12-foot room the sick Indians would be packed, hot stinks heaped in the center, medicinal herbs and water thrown on the stones creating a heavy steam. After remaining for hours, the sick, dripping with perspiration, would dash outdoors and plunge into the nearest stream.

INDIAN REMEDIES

Indians had other remedies. They used tobacco and Jimson weed as narcotics, Cascara sagrada as a cathartic and diuretic, and other plants for specific ailments. White doctors adopted many herbal remedies of the Indians but disapproved of their use of magic and counter-irritants. Indians were out between the eyes for headache,

blistered for rheumatism, suffered ant bites on the abdomen for stomach ache.

The white doctors had some peculiar practices of their own. As late as 1871 in San Francisco surgical operations were being performed in hospital wards with other patients as onlookers. Surgeons wore frock coats stained with blood and dirt, carried forceps in vest pockets, used unboiled instruments, unsterilized sponges and dressings.

The first European-type hospital in America was built by Cortez in 1524 on the spot where he met Montezuma. It is now the Hospital of Jesus in Mexico City.

The first public hospital in California was begun in Monterey in 1844 in a house that rented for \$8 a month. It had no doctor — only two male nurses and a burial squad.

GOLD RUSH

Sutter Fort Hospital opened in Sacramento in 1850, charging private patients \$16 a day — Gold Rush rates.

The Los Angeles Infirmary opened in an adobe house in the 1850's, later developing into the Los Angeles County General Hospital.

San Francisco City Hospital on Clay Street in 1849 had the poor so crowded together they could not move among them. Male nurses with no training were expected to take care of at least 20 patients each. The stench, thievery, vile food, brutal nurses and filth were characteristic of many hospitals of that time.

Life expectancy had remained static since the Dark Ages. In 1850 the average American lived

41 years, only six years longer than the European of 1000 A. D.

By 1880 Pasteur and Lister had established the germ theory and the value of using antiseptics, but routine sterilization of instruments and scrubbing techniques were not generally accepted in California until the 1890's.

Improvements in sanitation, immunization, nursing care, antiseptics and asepsis helped add seven years to the average life by 1900. This trend gained momentum until today we can expect to live about 70 years.

Childbirth is safer today for mother and child than it has ever been. The old killers — malaria, tuberculosis, pneumonia, typhoid, plague, diphtheria, small pox — have been sent far down the mortality table.

MODERN HOSPITALS

In our hospitals today the new public enemies — heart disease and cancer — are under attack from concentrated research programs.

The hospital has changed from a wretched place for the poor to a cheerful center of healing and hope. Revolutions have occurred in nursing, in hospital construction, in medicine and surgery.

Perhaps the greatest change is in people's attitudes toward life itself. Past ages were obsessed with death. Today life and health are regarded as one's birthright.

We have come a long way from the temescal and tent hospital — a long way in just the past decade.

Make Pretty Shower Curtains at Home

BY EDNA MILES

DID you ever think about making your own shower curtains? It can be done in less than an hour's time, with very little effort and no special knowledge.

The only materials you'll need are about four yards of vinyl plastic film which is available in most department stores at about 39 cents a yard, your electric iron, a light press cloth and two new plastic tapes.

The first tape is one and one-half inches wide. It has a coating of adhesive vinyl that makes possible a tight bond with a light application of heat. It is used as a heading for the shower curtain and comes complete with inset metal eyelets.

The heading is fairly heavy gauge but transparent so that it will reinforce the curtain top without obscuring the color and pattern of the material.

The second tape, also transparent, is three fourths of an inch wide and is used for seaming the plastic film. This tape has the same adhesive quality and will bond with the film easily under your iron which should be turned to "rayon" or "cool" setting.

Made at home in less than an hour, the shower curtain is hung. Heading, complete with eyelets, was ironed to the plastic and two widths of the film were sealed together with tape.

A perfect bond between heading and vinyl film is made by pressing the two together with an electric iron at "low," or "rayon," setting, using a thin press cloth.

BOY SCOUTS ENCAMPED AT HIGH SIERRA

A large group of Campbell area Boy Scouts left Sunday, July 5th for Camp Hi-Sierra, the Boy Scout Camp in the mountains, about twenty-five miles beyond Sonoma.

The three local troops at Camp this period are: Troop 286, of the Moorpark Men's Club, Troop 28 of the Campbell Kiwanis, and Troop 35 of the Cypress Dads' Club. Campbell District men who will be in camp with the Scouts are: John Duncan, William C. Henley, Homer Hyde, Edward Attix, Robert Guio, Jack Burns, B. C. Drum, L. J. Herrgott, and Max Mercer.

The program at camp includes all kinds of Scout Craft and advancement, swimming, boating, plug casting, archery, games and an overnight hike to Clavey River and other interesting parts of the back country. Mark Judy, field executive for this district is camp director. Frank Olsen, field executive will make periodic visits to the camp.

PAST NOBLE GRANDS ELECT NEW OFFICERS

Officers for the coming year were elected at the recent meeting of Past Noble Grands held at the home of Mrs. A. C. Currie of No. Second St.

Those taking office are: Mrs. William Wigglesworth, president; Mrs. Ernest Farley, first vice-president; Mrs. DuBois Rhine, secretary, and Mrs. Ralph Gardiner will be the new treasurer.

Refreshments were served by Mrs. Currie following the election of officers.

CAMPBELL AVE. GETS FACE LIFT

PG&E woodcutters gave Campbell Ave. a "face-lifting" Monday morning when unruly branches of a large oak tree fronting Hunt's Cannery were trimmed to prevent their falling on the city's main street.

Motorists were inconvenienced Monday when fallen branches blocked Campbell Ave. by the railroad tracks. Traffic had to be rerouted down Harrison Street to Winchester, then to follow back streets to get back on to Campbell Ave.

Cutters were busily trimming branches for most of the morning. Cannery officials requested that whole tree be taken down.

Congregational Church Notes

On Sunday, July 12th the sermon of the Campbell Congregational church will be given by Dr. Wm. David Pratt, who recently succeeded Dr. Harley Gill as Superintendent of the northern Congregational Conference.

Presiding over the services will be Dr. Corwin Olds and all members and friends are cordially invited to attend.

A swimming party and barbecue by the Pilgrim Fellowship of the Congregational church, honoring Mr. and Mrs. Gordon Miller, advisors of the Pilgrim Fellowship, was given recently at the home of Mr. and Mrs. Joe Feasel.

Mr. and Mrs. Miller are leaving this area and as a gift of appreciation, were presented with a beautifully bound Bible.

Dwarf Verbenas Brilliant Beauties

Verbena, long a garden favorite, is due for a fresh rise in popularity as the beauty of the new grandiflora dwarf strains becomes known. They grow but little taller than the older compacta type, rarely over a foot high. Both flower heads and individual florets, however, are much larger and brighter colored, affording a more brilliant display in flower beds. But both types are expected to retain verbenas' long-standing popularity for lawn edging and curb planting.

According to the California Bedding Plant Advisory Board, verbenas are generally available in mixed and solid color flats. The most popular color is red, while blue, lavender, rose, pink and white are also available. Colors come true to name except for the lavender, which sports some white.

Set out plants from flats in full sun. They can be transplanted from the time they are quite small until they are in full blooming size. They prefer to be set slightly deeper than they were in the nursery flat. While verbenas will tolerate any soil, it does best in a loose sandy type. The plans require a minimum of fertilizer, and no special pest control. However, foliage is subject to mildew and evening watering should be held to a minimum.

Fill a bed or edge a border with a planting of verbenas for an easy to care for summer time garden spot. Flowers will be plentiful and do well for cutting. For bright colors, go heavy on the reds and blues with a splash of two of the lighter colors... then grab your sun glasses, for a bed of verbenas in full bloom is a dazzling sight indeed.

ESTRELLITA SERVICE CLUB HOLDS MEET

Estrellita Service Club, Order of the Eastern Star, met recently at the home of Mrs. Mary Smith, of 565 Union Ave., Campbell. "Charity, Truth, and Loving Kindness" was the theme of the meeting of Fraternity Chapter, Order of Eastern Star, honoring officers and members of Laurel Chapter.

Mr. and Mrs. Harold Duchow, worthy matron and worthy patron, conducted the opening of the chapter. Guests escorted and presented were Deputy Grand Matrons Mesdames Fred Eaton and Robert Caldwell, Worthy Matrons Mrs. Luther Jones, Starlight Chapter; Mrs. Earl Woodruff, Jarman Chapter; Mrs. Cora Kaufman, Mrs. Ava Sassar, and Worthy Patrons Wilbur Mitchell, and James Eudaley, Jarman.

"Friendship Hour" was presented by officers of Fraternity Chapter. Music was presented by Mr. and Mrs. Gerald Phillips and Mrs. James Eudaley, Jarman Chapter.

Mrs. Heath Titcomb served as associate matron and Julius Bates, flag bearer. Chapter room committee members included Mesdames Marie Carlson, chairman; Viola Emery and F. J. V. Vanauderstrade. Dining room committee members were Mesdames Ralph Simmons, chairman; Bertha Fobson, Lena Whitmore, Alice Crabtree and Steven Pelton.

The San Mateo Chapter invited Fraternity chapter to be their guests on July 28.

First time visitors present were Mrs. Agnes Sproul, Edinburgh, Scotland; Mrs. Ava Sassar, Wallowa, Oregon; Mrs. Alice Muio, Watsonville; and Mr. and Mrs. F. P. Morton of St. Petersburg, Florida.

Cape Alva, at the northernmost extremity of the Olympic Peninsula, is the most westerly point in the United States.

PREREQUISITES TO GOOD HEALTH
A balanced diet and adequate rest are essential to good health. The Greeks recognized this simple truth more than five hundred years before the coming of Christ. Under the pressure of modern living, proper diet and rest are more important than ever before. Nutritious food and adequate sleep give the body energy—a chance to resist disease. For your health's sake, avoid fatigue, strain, and skimpy meals. Take care of your body. It's the only one you will ever have.

American Trust Shows Increase In Year's Business

A press release from American Trust Company, of which there is a branch office in Campbell shows an increase in deposits, loans, and net profits as compared with a similar statement issued at this time last year.

In addition over a million dollars in dividends were paid during the first half of 1953.

Breakdown of individual figures of the company as of June 30, according to the release is as follows:

Deposits of American Trust Company on June 30, totaled \$1,115,892,216.54 compared with \$1,095,756,879.63 for the corresponding date in 1952.

Loans and Discounts totaled \$557,600,894.84 as compared with \$506,097,967.38 on June 30, 1952. Total resources stood at \$1,201,070,287.24.

Net current operating earnings for the first six months of 1953, after provision for taxes, amounted to \$2,599,664.12 as compared with \$2,075,493.56 for the corresponding period last year. After non-recurring items and transfers to valuation reserves, net profits amounted to \$2,485,217.80 as compared with \$1,861,934.97 for the first half of last year.

The sale of additional capital stock in November 1952 and February 1953, and an increase in the dividend rate, late in 1952, resulted in the payment of \$1,400,000.00 in dividends during the first half of 1953. This amount compares with \$863,377.50 for the same period last year.

Since the year-end capital funds were increased by \$1,085,217.80 from retained earnings and \$946,664.50 from the sale of an additional 31,294 share of capital stock. Capital, surplus and undivided profits on June 30, 1953, totaled \$67,155,950.89 as compared with \$51,392,653.92 on June 30, 1952.

American Business Behind The Scenes

by Reynolds Knight

NEW YORK, June 29—Cross-currents in industrial and commodity prices, concealed from the casual eye by over-all stability in the wholesale price aggregate, provide the newest of many postwar puzzles for business observers. Once the items in this list could be depended upon to move in fairly uniform fashion.

From the end of March to mid-June the wholesale price index of the Bureau of Labor Statistics stood still. But in that period farm prices moved steadily downward, as did those of many processed foods. Textiles gained a little, leather substantially. Machinery, metals and chemicals rose. Almost on the same day, wheat futures made three-year lows while crude oil was marked up for the first time since 1947.

While most commodities going into the cost-of-living index declined at wholesale, the index itself refused to budge. Economists fear commodity-cost reductions are increasingly being swallowed up by increases in labor costs. Relatively few of us share in the publicized gains of the large nationwide unions, so this process cannot go on indefinitely.

HEART OF BUSINESS—Any one who suspects that the heart of the American businessman is a cash register might have learned better the other day in the world's tallest office community, the Empire State building in New York. With enemy attacks in Korea taking a heavy toll, captains of industry—and privates—organized their own blood donor drive in the 102-story structure. Harry G. Serlis, president of Schenley Distributors, Inc., and chairman of the tenants' committee for the drive, reported that the week-long campaign yielded 1,476 pints of blood, a new national record for blood donations from a single office building.

Serlis credited the excellent showing to the generous efforts of hundreds of volunteer workers who promoted the campaign during office hours and on their own time. **THINGS TO COME**—Measuring the size of particles by noting how fast they fall through a tube, a new machine is expected to help manufacturers of substances which must be finely pulverized. . . . Unprimed starting is claimed for a new six-cylinder diesel tractor motor. . . . Writing a check and hoping it won't clear too fast will become more hazardous when a new armored-car plane tie-up becomes effective. It promises overnight delivery 3,000 miles away. . . . A cigarette case that expands or contracts to king- or regular-size is personalized with a built-in name card. . . . A self-service parking lot lets the motorist out after he puts dimes in slots to release two gates.

OLD RELIABLE—Just ten years ago this month a young baritone recorded a song called "Goodbye Sue", and the career of Perry Como was launched—extremely quietly. "Goodbye, Sue" had no impressive sales record, but "Prisoner of Love" Como's next, went over the million mark. Today—ten years and 35 million discs after "Goodbye, Sue"—a Como cutting is automatically in the can't-miss category both with RCA Victor, for whom he records, and record dealers throughout the nation.

In a firmament where popular artists shoot up like meteors and as quickly drop back into obscurity, Perry Como is a consistent and constantly shining star. In the last

LOCAL ARTISTS EXHIBIT WORKS IN CAMPBELL

A new exhibit sponsored by the Los Gatos Artists is on display at a local Stationery Store.

There are ten paintings by Miss Mildred Kaucher, president of the Association, and a number of water colors by Mrs. Ellen Starr of Los Altos.

Miss Kaucher earned her living as a chemist and received art training through attending night classes in Cincinnati and Detroit. She came to Los Gatos in 1947. She became a member of the Los Gatos Art Association early in its formation. She was its secretary last year. The shell paintings are most popular and have been shown at the various Association exhibits and at State-wide in Santa Cruz. Recently the Kaucher cat, Mattie, has modeled for several small paintings.

Mrs. Ellen Starr received her education at Otis Art Institute in Los Angeles. For 17 years she was in animated cartoon industry with the Walt Disney Studio and Universal Studios. Ellen Starr has done commercial designing and block printing. Currently she is Arts and Crafts Director of Los Altos Girl Scout Council.

Her water colors have great appeal and are prize winners at recent shows held by the Association.

The second out door show to be held at Village Square in Los Gatos opens August 9th. Members of the Association are asked to bring their paintings to the Palette on the 8th. The first outdoor show sponsored by the Los Gatos Artists in the Village Square brought a very large attendance through the week in which it was held.

six months his records have been more popular with the public than at any time in his recording career. He captures the bobby-soxers as they come along as effortlessly as he holds the bobby-soxers parents.

STRIKES AT RETAIL—The Bureau of Labor Statistics has just released its figures on strikes in the first four months of 1953. If the trends shown in the first third of the year continue, there will be more strikes than last year, but workers' time lost will be down to some 20 per cent of 1946's record total.

This, too, is a symptom of readjustment to a changing industrial picture. This year's strikes are strikes "at retail," so to speak. The great labor units like the steel and auto workers have made quick bargains with their mass employers. In past years these settlements flowed out like waves into the remotest reaches of the affected industry.

This year metal fabricators, who have to pay increased costs of steel, are balking with varying degrees of firmness at also paying higher labor costs. Hence the greater number of strikes, and also the smaller time losses, since these satellite companies have only a fraction of the workers a big supplier employs.

BITS OF BUSINESS—Texas and California want the rules for cotton acreage curbs changed to preserve their big expansion of the last three years. . . . Advertising outlays increase as manufacturers meet more sales resistance. . . . Home builders rejoiced when a Senate committee voted to let President Eisenhower lower down payments on homes. . . . Spring pigs were 10 per cent fewer than last year, and the fall crop is expected to decline 5 per cent from fall, 1953.

Around The Town

In answer to several requests (my mother, wife and daughter-to be exact) I feel a moral responsibility to resume this column this week. Sorry to say I haven't been to the Hawaiian Islands, Palm Springs or any other exotic place for the past few weeks. Must I admit merely waiting to see if I could get acclimated to the summer weather and it has finally come about.

Despite the Strikes, work is still forging ahead on the massive construction of the Cambrian Park Shopping Center. Have the word that the first eleven stores will be ready for business around the end of July with another group well on the way up by that time. The plan is to open up a new group every few weeks until all fifty two stores are in operation. Most folks don't realize it but this is one of the largest (if not THE largest) shopping centers built in the Valley Of Hearts Delight thus far.

The Campbell Junior Chamber of Commerce, a fast-growing, aggressive local organization, presented the City Council with a golden opportunity at the Council meeting last Monday night. The J C's, led by their President, Don Gracier, offered to paint the street markings (yellow zones, red zones etc.) free of charge as a community project, if the Council would provide the paint and the necessary tools to do the job. . . . The Council is considering it. . . . HOW could they miss?

Bad news! Horace (Doc) Alfred, Campbell grocery owner, is confined to O'Connors Hospital—too much work and too many hours—Better take it easy when you get back up and around Doc.

Annexation, Annexation, Annexation—that's all you hear around here these days. Growing pains no doubt. But nevertheless, it's comforting to know that we here in Campbell are safe from the Annexer's greedy scythe. There are, it's true, a great many headaches to being an incorporated city and standing on our own two feet, but at least we have the satisfaction of not being wrangled over like a piece of choice steak—That is exactly what is happening to some of the other smaller communities near us. And they sit there in a dilemma waiting for the axe to fall—It must not be a comfortable feeling.

Scoop . . . A newspaperman's dream, a really BIG STORY, finally jelled for Lou Murphy our Editor, this week You'll read the story on the front page so I won't discuss it further.

There is enough cooperation in Campbell to make it possible. After all, what better place for Campbell news (major or minor) than in the Campbell newspaper? It's a good story, with drama, truth, and a bit of the macabre

OUR DEMOCRACY—by Mat

"GO WEST, YOUNG MAN, GO WEST"

—HORACE GREELEY

FOR MANY GENERATIONS, AMERICA WAS ABLE TO LOOK TOWARD OPEN COUNTRY FOR GROWTH AND EXPANSION AND FOR OPPORTUNITY. PUSHING BACK THE WILDERNESS, OUR PIONEER SETTLERS STEADILY MOVED THE FRONTIERS WESTWARD AND FAMILIES FOLLOWED TO DEVELOP THE LAND WHICH THEY HAD OPENED UP.

THE LURE OF NEW FRONTIERS STILL DRAWS AMERICANS — FRONTIERS NO LONGER ON THE MAP BUT IN THE MIND. AND AS NEW OPPORTUNITIES ARE OPENED UP, THROUGH INVENTION, THROUGH RESEARCH AND THROUGH PLAIN HARD WORK, FAMILIES FOLLOW THROUGH IN THEIR DEVELOPMENT BY STAKING THEIR MONEY, THROUGH LIFE INSURANCE AND SAVINGS, IN THE PRODUCTIVE PROGRESS OF THE NATION'S DEVELOPMENT.

LEGION MAPS PLANS, POLICIES FOR NEW YEAR

Executive committee meeting of Campbell post 596, The American Legion, met at the home of newly installed commander Harold F. Adams this week, at which membership program ideas to make for more interesting meetings were discussed in the informal roundtable.

Commander Adams said the organization this year plans to make a determined effort to make the Legion activities asset to the community. He said the Post will stress during his term of office activities of the Child Welfare program, and will attempt to inaugurate more and better community betterment policies than in the past.

that interests us all—Anyway want TV rights on Lou? Or don't you smoke long cigarettes?

Esther Ehler To Wed Ray Williams In Fall Ceremony

Mr. and Mrs. Frank M. Ehler, entertained at their Saratoga-Los Gatos Rd. home with afternoon tea Sunday, July 5, announcing the engagement of their daughter, Esther Mae Ehler to Walter Ray Williams. More than one hundred friends were present at this gala event.

Presiding at the beautiful appointed tea were Misses Janet Butler, Dona Ralston, Diane Suhr, Polly Montgomery and Kay Zabel.

Esther is a graduate of the Los Gatos High School, class of 1953. She is also Past Honored Queen of Job's Daughters, Bethel 206. The bride-elect has four sisters, Frances, Patricia Ann, Violet Elaine, and Emma Jean.

Attending the tea from San Francisco was Mrs. Esther Voshall and Miss Elizabeth Voshall, grandmother and aunt of the bride-elect. Mr. and Mrs. Arthur Bubb, from Los Altos, and Mr. and Mrs. LaVern Tomas from Salinas. Both couples are respectively aunts and uncles to Esther. Mrs. May Hough came from Oakland to attend her great niece's tea.

Ray is a graduate of Campbell High School, Class of 1951. He is past master counselor of Los Gatos Order of DeMolay. He formerly worked at Bettencourts Market and now is a Private in training in the United States Army and stationed at Fort Ord.

Ray is the son of Mr. and Mrs. Walter Williams of Quito Road, and he has two brothers, Roland and Robert. Mr. and Mrs. James H. Morton, of San Jose and Mrs.

VACATION TIPS SUGGEST AIDS TO TRAVELER

If you're among those—the lucky ones—who still have their vacations ahead of them, you might give heed to the suggestions made by the Travelers Aid Society for people on the move.

They advise not to overburden yourself with luggage, but to carry identification in what luggage you have as well as on your person. It will help you get back a bag if it should be misplaced.

Make sure that you are expected at your destination. Don't take off for Shady-Pines-by-the-Sea without a confirmation of your reservation. It isn't wise either to head for Aunt Sarah's several hundred miles away unless she knows you're coming. Surprising your relatives may be fun, but you might get the surprise—they could be away.

It is also recommended that you take extra meals along for the baby and carry a first-aid kit for the kiddies. Carry more money with you than you're likely to need, just in case of an emergency. But take most of it in bank travelers checks so that you won't risk a loss. And don't hesitate to call on the Travelers Aid Society in case you get stranded anywhere.

But if you follow their advice you won't need their aid—and you will have a more pleasant vacation.

Maryann Williams and son, Richard of Oakland, are aunts and uncles of the future groom.

A fall wedding is planned for the betrothed couple.

THE FARMER'S CORNER

By Ralph Taylor
(Executive Secretary, Agricultural Council of California)

OUR SICK LEGISLATURE
If our legislators don't do something to cure their body's ills, the machinery of our State government will bog down, one day soon, in its own clanking gears.

More than 5,800 individual pieces of legislation were introduced during the session just ended and the spectacle of our representatives trying to digest the whole of it was pathetic.

For instance, the day before the session ended, Senator Harold Powers of Eagleville introduced a bill calling for a \$125,000 appropriation.

In less than two hours after introduction, the bill had been read, sent out to print, rushed back to the Senate, read the second and third times, voted on, and passed to the Assembly in one fell swoop. Ordinarily such a measure would take weeks.

To professional observers the Legislature's proceedings are becoming alarming. It isn't anyone's fault—it is the system under which they labor. And labor they do, day and night for 120 days.

LIMIT THE BILLS?
Some say we should limit the number of bills. But you can't do that, for our Constitution gives us all the right of petition. And by limiting their number we would only end by having bills with endless riders, which would be dangerous and confusing with resultant undesirable compromise.

LENGTHEN THE SESSION?
Nor would lengthening the session give the answer. For our legislators are human and if given 12 months instead of the present four you would get not only still more bills but legislators even more worn out than they are now. And weary legislators cannot study and comb legislation as they should.

KNOWEN DUDS
Senator Presley Abshire of Sonoma, along with many others, has shown concern over the situation. Moreover, he and others have come up with several suggestions which bear consideration. For something has to be done.

A suggestion has been made that committees not be forced to hear every bill assigned to them. Congress doesn't do it and we only do so through custom. Half the bills which are finally killed off are known duds the minute they hit the hopper.

Why these should be given the courtesy of a hearing is hard to explain.

THE NUB
Trying to hear them all is the chief reason for our clogged legislative channels. During the last week of the session few separate roll calls were taken. By substituting previous roll calls the bills were passed, passed by the hundred and killed by the dozen, and it is fair to say not even the most experienced legislator knew their contents.

They call that suspending the rules. It appears more like suspending common sense.

THE ANSWERS?
Senator Abshire offers a suggestion that would eliminate the recess. During the February recess, this year, the Legislature went home and very little was accomplished. He sees no valid reason for doing that.

He would permit introduction of bills at any time except during the last 45 days of the session. At present only 2 bills may be introduced by each member after the February recess and then only by a three-fourths vote which is given practically automatically.

And he would require that no bill may be heard or considered by either house until 30 days after its introduction.

These suggestions may not be the answer but they do offer a hope of easing the situation and they do show what thought by one legislator can turn up.

For, make no mistake about it, our Legislature is sick.

Ticklers

plished. He sees no valid reason for doing that.

He would permit introduction of bills at any time except during the last 45 days of the session. At present only 2 bills may be introduced by each member after the February recess and then only by a three-fourths vote which is given practically automatically.

And he would require that no bill may be heard or considered by either house until 30 days after its introduction.

These suggestions may not be the answer but they do offer a hope of easing the situation and they do show what thought by one legislator can turn up.

For, make no mistake about it, our Legislature is sick.

Vacation Trip Hints Stress Road Courtesy

Packing your car for a vacation trip? Leave plenty of room for courtesy and obedience to the traffic rules and regulations for you will need them if you are going to return home safely, the California Highway Patrol said today.

"It doesn't matter whether you're driving here in California or making a tour of other states," declared Patrol Commissioner B. R. Caldwell. "It will be a safer and more enjoyable vacation if you drive within the law. Just a second's inattention may cause an accident which can not only spoil a vacation but may bring death or serious injury. "Be especially careful if you are driving on unfamiliar roads. Watch your speed and obey all traffic signs and signals. It will pay off in added pleasure as well as safety."

According to the April 1, 1950 Census of Agriculture, 78,575 California homes had telephones.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Did you enjoy the butter you bought today? If you eat toast dry, or margarine spread, you still bought butter today, because every day the government uses over a million dollars of taxes collected from all families to buy surplus butter to hold up the price. Today, Uncle Sam has almost 200 million pounds of butter.

That fact stands behind report that government plans huge nationwide sale whereby for every pound of butter you buy C. W. Harder at regular prices, you will be able to buy a pound from government stocks for only 10 cents.

There was discussion of selling to foreign governments, taking their currency for it, instead of requiring dollars.

However, it was learned this would upset economy of butter producing nations, by taking their customers.

Government also owns over 100 million pounds of dried milk, plus huge daily mounting supplies of other farm products.

And neither Brannan or Henry Wallace have anything to do with it.

Instead, Ezra Benson of Utah, who has both publicly and privately abhorred government price supports, directs the program.

Yet, as Agriculture Secretary he directs a program as obnoxious to him as deals with the devil would be to his beliefs as a pillar of the Mormon Church.

Many explanations are made why the government is supporting the National Federation of Independent Business.

ing butter prices. Increased margarine use is frequently cited.

Yet government also owns a billion pounds of cottonseed oil, which with dried milk, is principal ingredient of margarine.

Thus Benson, or any Agriculture Secretary is constantly tossed on the horns of a dilemma. If butter sells at expense of margarine sales, more dried milk, more cottonseed oil will pile up.

Thus in Washington belief grows that not the Agriculture Department, but the anti trust division of the Justice Department must solve the farm problem.

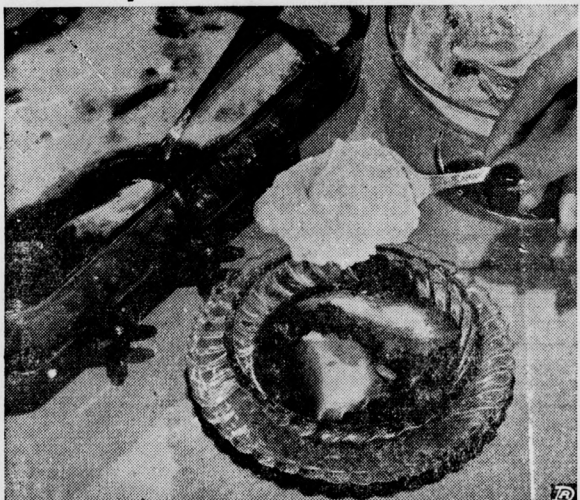

In the dairy industry, for example, producers receive smaller share of consumers dollar. Retail stores also get small share of this dollar. But between the farm and store, there's a lot of "water" in dairy products.

But distribution and marketing of dairy products has been concentrated into a very few hands, aided by a monopolistic control of dairy labor.

Thus, many are taking the point of view that the nation's farmers are not plagued by over production, but by monopoly control of the distribution of their production.

The belief is growing that unless this control of farm products is broken by enforcement of anti trust laws, the American taxpayer will always be assessed to keep the nation's farming community from collapsing. Monopoly business practices, it has long been held, are the most inefficient practices and eventually require government support, and rigged-prices to exist. Thus in the dairy industry, the public pays two ways to support a monopoly, through higher prices, through taxes to support the farmers.

New Way To Make Berry Patch Pudding!

Like grandmother used to make only better and quicker! Pick your favorite berries!

Never a failure with this luscious pudding because it's a Martha Meade recipe family-tested by 117 western homemakers on the Sperry Home Staff who voted it "Excellent!" While your pudding is still warm, serve with cream or spoon on vanilla ice cream. M-m-m, delicious! You'll make this easy, popular pudding many a time during the summer, so be sure to save the recipe.

BERRY PATCH PUDDING

All measurements are level. Sift flour before measuring. Place in a buttered baking dish or casserole—

4 cups fresh berries, slightly mashed
Sprinkle over berries—
½-1 cup granulated sugar (vary with tartness of berries)
½ teaspoon powdered cinnamon
¼ teaspoon grated nutmeg

Dot with—
2 tablespoons butter
Then sift together into a mixing bowl—
1 cup sifted Sperry Drifted Snow
"Home-Perfected" Enriched Flour
1 tablespoon granulated sugar
1 teaspoon double-action baking powder
½ teaspoon salt

Make a well in center of dry ingredients and add—
½ cup milk
1 egg, beaten
2 tablespoons melted butter (or cooking oil)

Beat briskly until a smooth thin batter is formed. Pour over berries and bake in a preheated moderate oven, 350°, for 35 minutes. Serve slightly warm with cream or vanilla ice cream. 6 servings.

Summer-time Washington is a good place to visit, but a poor place to live—so say the many thousands of visitors currently viewing the seat of our government. All who were able to have left the city to escape the heat, but they are replaced many fold by summer tourists who pay hotel rates almost doubled since before the start of the season. Perspiring citizens from all over the world form block long lines awaiting passage in the elevator to the top of Washington Monument, and every congressman welcomes the first hand news from home that visitors bring them.

There are two sides of Washington and the visitors may choose either. He can look at Washington as the "District of Confusion" where automobiles travel to the right around a "circle" to meet a streetcar head-on which has been routed to the left of the same circle, and where countless agencies and departments of the government make their nonsensical and expensive rules... like requiring ink to be bottled in special 1-3 ounce bottles instead of the standard 2 ounce container or using 10 different types of paper clips when four will do the job. This is the

Washington that makes us angry and tempts us to "write our congressman".

Then, there is the other Washington—the city of history and the cradle of American traditions and ideals; where every corner and almost each brick of every building has a fascinating story behind it. For example, when viewing the Statue of Freedom atop the dome of the National Capitol, many tourists ask, "What is that on top of her head?" It seems that the 19 ft. 6 in., 7-1/2 ton, statue was only raised to the top of the Capitol in 1863 after tremendous controversy and difficulty. The statue was executed by the sculptor Thomas Crawford in Rome in 1857. It was shipped in 1858 but storms damaged the vessel carrying it and damaged much of the cargo but not the model of the statue. The ship was condemned and sold in Bermuda and so the model was in storage there until 1859. The casting which was to be done 3 miles from Washington was delayed by the Civil War and it was finally completed in 1863. The figure itself is of a woman dressed in flowing robes. Her right hand rests on the hilt of a sheathed sword, while the left holds a wreath and shield. Her helmet of Indian feathers (which arouses the tourist's curiosity) was resisted by the artist to the very end, but he soon learned that he had been employed to make a model and not determine the design. It was Jefferson Davis, then Secretary of War, and later President of the Confederacy, who

Licensed Electrical
Contracting & Jobbing
NELSONS
ELECTRIC
15 So. Third Street
Ph. FR 8-2730 Res. FR 8-3790

insisted on the liberty cap and then insisted on the Indian feathers when the sculptor argued that the liberty cap alone would be too plain. Davis, though not an artist, insisted that "The language of art, like all living tongues, is subject to change".

Then there is the acoustical mystery spot in the old House Chamber, now called Statuary Hall, where Alexander Hamilton could hear his enemies on the other side of the room plotting against him in whispered tones... and there is the statue of Will Rogers overlooking the main entry door to the House of Representatives—placed there because Rogers wanted to be where he could "watch those congressmen".

And there you have some of the many thousands of interesting legends and stories about our Nation's Capitol... the weather is unbearable, but no spot in the United States offers so much to the lover of history than does our Nation's Capitol.

Help keep our highways clean. Don't throw trash from your car. Place it in a bag and deposit in roadside receptacles provided.

More About Campbell Exhibit

(Continued from page 1)
of Detroit, Michigan, who is himself to be in charge of the planning exhibit for the annual national meeting of the American Society of Planning Officials to be held in the motor city later this year, thought the County display so good that he has asked Abraham Krushkov, Senior Planner with Santa Clara County, and exhibit designer, to design the Detroit Show.

Additional honors came to the display when the Director of the Art Museum at Richmond requested and received permission to show the County panels at that City during the month of July.

"I would like to get my Campbell exhibit back so the local people could see it," Barrea said today. "But since it is making Campbell well known throughout the country, I guess we will have to be patient."

Karl Belser, County Planning Director, said that the County Staff "were proud and happy" that their planning studies had received such national acclaim. "Nestor Barrett has worked very closely with us," he said, "and we are in complete accord on the neighborhood pattern for Campbell and its surrounding area. Our problems are too big to be solved on an isolated basis, and the cooperative spirit of the City of Campbell in working with us is a progressive step forward in the planning of this area," Belser concluded.

LOCAL SOLDIER DIES IN CAR DIVE OVER BANK

Elmer Wolf, 27 year old son of Mr. and Mrs. H. E. Wolf, of 376 Central Avenue, died shortly after 2 a. m. Saturday when he lost control of his car at high speed on the Los Gatos Santa Cruz Highway, according to Santa Cruz Highway Patrol.

His brother, Raymond was killed in an auto accident near Palo Alto March, 1951.

Apparently killed instantly, "Wolf's neck was broken in two places, according to Patrol officers. He was discovered by passing motorists early Saturday morning when a shorted automobile horn called attention to his car resting on its back, 55 feet off the road.

The accident occurred four miles south of the Santa Clara County line in Santa Cruz County.

Patrol officers said the car sailed through the air 55 feet and hit a large oak tree about nine feet above its base. The vehicle was wrapped around the tree in a near perfect "U" they said.

The dead man was a master sergeant with the 61st Army Service Unit, Headquarters Company, Detachment No. 1, Camp Roberts.

He had been stationed at Camp Roberts for a year and a half, following three and a half years with the army of occupation in Germany.

Surviving relatives besides his parents include: brothers Leo, of Escalon, Calif.; John of Redding, Roland, of Los Angeles, and sisters, Ruth Osborne of Redwood City and Mrs. Romona Goodwin of Campbell.

Funeral services were conducted yesterday morning at 10 a. m. from Calvary Temple, on Railroad Ave. Rev. Jack Vossler was the officiating minister.

Interment was at Golden Gate National Park under direction of Chapel of the Psalms.

MARSHA HUNT, Hollywood actress, on Cerebral Palsy Telephone—"There's nothing so great in all the world as the goodness of people to people."

CUPERTINO VOTERS SIGNING PETITION FOR HOSPITAL DISTRICT SEPARATION

Petitions are being circulated in the southwest quarter of Cupertino calling for separation of this area from the West Valley Hospital District. If 50 per cent of the voters sign the petition, the board of directors of the district is permitted by law to approve the separation without necessity of calling for a special election. Indications have been given that the board will give their approval, if enough voters sign up.

Petitions are available at Cupertino Realty and Insurance Agency 10066 South Highway 9, Water Works of Monte Vista, Ltd., at Granada and Pasadena av., and also from Mrs. Dorothy W. Williams of Lindy Lane; Ray Mitchell, 10671 Rodrigues av.; and Mrs. O. C. Hiatt, 20575 Prospect rd.

The Cupertino area of the hospital district lying west of Sunnyside-Saratoga rd. and south of Stevens Creek rd., voted to join with Los Gatos, Campbell and Saratoga for formation of the hospital district in 1949. At that time no site was specified for the proposed hospital, and it was commonly assumed that a central location would be chosen. When the hospital district board voted in favor of a site near Vasona Junction, on the Los Gatos-Santa Clara Highway, considerable opposition was voiced in the western end of the valley. As a result, when the question of voting a bond issue came up, the Cupertino voters

turned it down with an overwhelming No in two elections.

"Following the last bond election, the matter of Cupertino withdrawing from the West Valley Hospital District became a much desired conclusion to Cupertino's participation in district affairs," stated Mel Hewins, acting as chairman of the petition circulating committee. He pointed out that under the existing law under which the Hospital District was formed, no portion of the district could withdraw.

In order to remedy this situation and make it possible for a portion of the district to withdraw if it elected to do so, Assembly Bill No. 54 was passed by the California Legislature on January 6, 1953. This bill states that if ten percent of the electors at any part of a district petition at any excluded—an election must be held and the withdrawal voted on. On the other hand, if fifty percent of the electors join in a petition to have their area excluded from the district, then the Board of Directors of the West Valley Hospital can act to exclude that portion of the District without an election.

"The Board of Directors here assured us that if a fifty percent petition is received from Cupertino, they will act favorably and order Cupertino removed from the District," Mr. Hewins stated.

"In talking with people residing in the southwest portion of Cu-

Record Budget Outlined For School District

A record total budget for Campbell Union Elementary School District calls for expenditure of \$1,201,192, due to average daily attendance expectancy of 3475 pupils next year, according to superintendent William C. Henley.

General fund income is estimated at \$1,093,615. Funds from State sources and \$300,000 from regular and special taxes within the district are included in this total, according to the budget, tentatively set for next fiscal year.

An additional \$108,810 is expected from the State as an apportionment to cover expenses of an estimated 600 additional children who will crowd classrooms when school opens next September.

The estimated budget, which shows a deficit of \$81,615 due to provision for a \$50,000 reserve fund, shows \$747,618 will be spent for teacher salary and other instructional cost.

The following proposed expenditures were proposed in the tentative budget, public hearing for which is scheduled for August 6, in the district office, 111 North Third Street.

Administration — Superintendent's office personnel will draw \$26,580 in salaries, with routine expenses taking \$7500 more.

Special personnel — Specialized teachers and administrators will draw \$35,795, with \$11,000 of this amount reserved for payment of sick leave permitted by law.

Certified teachers — Teachers carrying State credentials to teach in classroom work will earn a total of \$678,800. The sum is broken down by schools: Campbell, \$150,949; Cherry Lane, \$47,880; Cypress, \$60,175; Hamilton, \$81,832; Moorpark, \$115,004; Quito, \$45,550; Rosemary, \$62,727, and San Tomas, \$78,888.

Clerks to serve the various schools and superintendent's office will draw \$30,690 in salaries.

Miscellaneous services provided by other agencies such as the County Library and other such units will cost \$38,128. This includes supplying of textbooks.

Nursing services will take \$21,400 in salaries and supplies expense.

Maintenance personnel to keep the schools clean and in good repair will require the services of 20 men at a cost of \$68,820 for the coming year.

Operation of the school system's building, as far as water, telephones, gas and electricity costs go, will cost an estimated \$97,580, with custodial supplies accounting for \$9500 of the sum.

Maintenance of the school buildings themselves will cost an estimated \$45,840, with \$18,000 of this required for replacement of a worn out heating system in Campbell Grammar School. It was pointed out some items needed may be eliminated if a budget deficit cannot be met in any other way.

The first national census of agriculture was taken in 1840.

ROTARY ADDS 2 NEW MEMBERS

George Miskulin, Campbell High School baseball coach, and Rev. Robert S. Todd, minister of Church of Christ, Campbell were accepted as new members of Campbell Rotary Club at the regular meeting Monday of this week.

"Woman—Man's Greatest Problem" was the subject of a talk given by Lloyd Moyer, minister of Church of Christ, San Leandro, California in the Rotary program under the chairmanship of Norman Stoner.

Speaker is a past president of Slayton, Texas Rotary Club and is a current member of the San Leandro Club.

According to plans announced at last meeting Campbell Rotary Club will have an assembly Tuesday July 14 at the Red Coach Inn, with dinner slated for 7 p. m.

Camp 11 Rotarians are also anticipating a meeting with the District Governor August third at the Old Plantation near Los Altos.

Further details of the postponed Rotary Club and Campbell Kiwanis baseball game between Campbell Club will be announced in the near future according to Cel Gerevas. Tentative plans call for the annual contest to be played about August first, he said.

IOOF OFFICERS TO BE INSTALLED

Larry Faulkner, District Deputy Grand Master, District 20, International Order of Odd Fellows, will pay an official visit to Morning Light Lodge No. 42, IOOF in Campbell Thursday evening July 9, to install officers for the current term.

Officers to be installed are: Byron Brown, V. G.; William Stoutmore, N. G.; Edward Smith, Warden, Hugh Nelson Jr., Conductor, Gilbert Handley, Chaplain; Harley Poore, Right Scene Supporter; Malley Dorsett, Left Scene Supporter; S. G. Rice, R. S. N. G.; Ras Nielsen, L. S. N. G.; Don Rice, Inside Guardian; Elvert Weeks, Outside Guardian; Ralph Gardner, R. S. V. G.; Robert Crawley, L. S. V. G.

Refreshments will be served at the close of the meeting. All district and visiting Oddfellows are cordially invited to attend.

G. McDONALD DIES IN CITY JULY FOURTH

Guy McDonald, 75, retired cook, died in a San Jose hospital Saturday July 4, after a long illness. He had lived in Campbell since 1944 at his home on 42 South Second street. He was a native of Lake Tahoe Area. He was one of the organizers and former president of Campbell Pioneer Club.

Services were conducted Monday from Rutherford Funeral Home with Rev. Cecil Watkins, officiating. Farewell songs were sung by Cline Sipe. Mrs. Virginia Rutherford accompanied at the organ.

Interment was at Santa Clara City Cemetery.

Surviving are his widow, Hattie, a stepson, the Rev. Fred Sterneman of Otho, Iowa, and two stepdaughters, Mrs. Hellen Biel of Campbell, and Mrs. Cecil Mullis of Indianapolis.

CPIA DISCUSSES ANNEXATION AND TRAFFIC CONTROL

Highlighting the agenda of the July 7th meeting of the Cambrian Park Improvement Association, held at the Parker Elementary School were the various discussions of Annexation, Traffic Control and Community Playground.

Bruce F. Allen, State Assemblyman from the 29th district, spoke on "Assembly Bill No. 1" and its affect on Cambrian Park.

A presentation of facts on traffic controls in the community were made with emphasis on the present 55 mile per hour speed limit, and final plans were submitted to

FRUIT STAND, ANIMAL CLINIC APPLIED FOR

A small animal clinic and cannery outlet and fruitstand are among new business interests in operating in Campbell.

Applications for use permits were read by city clerk Dorothy P. Trevethan at city council meeting Monday night from Frank L. Callisch and from I. M. McNabb.

Callisch's application applies for a use permit to use the property at 287 North San Jose, Los Gatos Road between Hamilton Ave. for a small animal clinic.

McNabb has applied to use the property situated at the southwest corner of Hamilton Ave. and the San Jose Los Gatos Highway for a cannery outlet and fruitstand.

City council members set Monday, July 27 as the date of public hearing on these two applications at which time interested residents are invited to present oral or written objections.

LEGION MEETS

Harold F. Adams, newly installed commander of Campbell Post 4596, The American Legion presided over the first meeting of the 1954 Legion year last night at IOOF HALL.

Plans and policies of the coming year were outlined by the new commander. Refreshments were served.

The residents for the community playground.

Invited guests at this important meeting were: Mayor Richard Morton of Campbell; Mayor C. K. Gamble, and Carl Baldwin of Los Gatos; Joseph Santora, San Jose City Councilman; Walter Gaspar, County Supervisor; and Principals D. C. Bagby and U. K. McDonnell of Cambrian and Parker-Union Schools respectively.

Foreign Policy Is Topic For Gubser Program

This week's guest on Congressman Charles S. Gubser's weekly radio program will be Congressman Walter Judd of Minnesota, noted authority on world affairs. Dr. Judd is a former medical missionary to China and was a prisoner of the Japanese when they attacked Manchuria. Following his return to the United States, he spoke throughout the U. S. in attempting to warn this country of the danger of a Japanese war. Congressmen Gubser and Judd will informally discuss the foreign policy of the United States and particularly the problems of the Middle and Far East. (See schedule below)

Radio Station KEEN, Sat. 6:15 p. m.
Radio Station KSJO, Sun. 9:15 p. m.
Radio Station KLOK Sat. 10:45 a. m.
Radio Station KIBE, Mon. 6:00 p. m.
Radio Station KSCO Mon. 7:00 p. m.
Radio Station KHUB Mon. 8:00 p. m.

VFW Schedules Summer Events AT Last Meet

Lt. Byron C. Lanphear Post No. 6305, Veterans of Foreign Wars have scheduled a busy summer program, according to Post members.

For Saturday night, July 11, members will gather at a patio party at the home of Mr. and Mrs. Charles Chubb on Emory Drive. July 16, the ladies of the Chatter Girls' club will meet at the home of Ellen Lanphear, on Sweetbriar Drive for an evening of talk and refreshments. And on July 26 a picnic has been scheduled at Long Bridge for members and friends.

Topping off activities for the near future will be the big home-down slated for August 23.

Ona Chubb gave an interesting talk on the Oakland encampment, Tuesday evening at the regular meeting at Library Hall. Present at the last meeting was Jeanne Shaeffer, from the Sunnyside post.

'ROVING' OFFICE OF C. GUBSER IN PALO ALTO

Congressman Charles S. Gubser reports gratifying response to the home office program recently inaugurated for the convenience of the public in communicating with him while he is in Washington attending sessions of Congress.

Gubser's home office in San Jose, located at 201 Bank of America Building, is open every Tuesday from 9:00 a. m. to 5:00 p. m. Every Thursday his home secretary, Mrs. Matilda Lindsay, travels to some other specified town to conduct a "roving office". Towns visited in this manner once each month are Palo Alto, Santa Cruz, Watsonville and Hollister. Local press and radio carry information relative to time and location in each town.

On Thursday, July 9, Mrs. Lindsay will be in Palo Alto again and can be contacted in Room O, Community Center, from 11:00 to 12:00 a. m. and from 1:30 to 3:30 p. m. Anyone seeking information or having a problem in any way connected with the federal government is invited to call.

WEITZEL RECEIVES AWARD

Bishop O'Dowd, Council, Knights of Columbus, at their regular meeting Wednesday July 1, presented a gold watch to outstanding grand knight H. A. Weitzel as a token of gratitude for his services during his year of office.

Meeting was held in American Legion Hall, in Los Gatos. Refreshments were served.
